Subject: Member freeze

Hello there

As I have found a delightful house sit to see me to the end of my stay in Brisbane I would like to freeze my account until I have need of it again. I have been very impressed with the service and would definitely recommend you to others. Having been involved with other agencies, yours has been the best. I especially like the way you notify sitters of houses in their nominated areas, this is very helpful and enables a sitter to get in early and apply. Many thanks. Would you let me know what happens regarding the freeze and whether I need to do anything more?

Cheers
