Just wanted to say what a God send your service is. I have been very anxious about what we were going to do with our beloved dog while we are overseas. I came across your website and placed an ad. Within 12 hours I had an enquiry from a lovely couple and after looking through all the people who house sit in our area they were by far the best for our situation. I can now relax knowing our pet and home will be well looked after, and it won't be costing us the \$1000 in kennels fee's I was quoted!

What a great service, well done!
