Hi Malcolm,

Well you sure have asked the right person - I still sing your praises every day. FYI only - I did receive this message 8 times!

House-sitting has been one of the best things I have done for myself. I spent two years house-sitting all over Australia. It has been such a phenomenal opportunity for me to discover places I have never heard of and I thoroughly enjoyed being a "local" in the various places. I have also met the most wonderful people along the way, all of whom I keep in contact with and I now count them as great friends. I'm excited about being able to visit them when I am next in their area. The Happy House Sitters site opened doors to me I didn't even know were available. The site is very professional and user friendly. There are endless house-sits available and I have never had a bad experience. I constantly tell people about the site and the opportunities available whether it be to house-sit or have their home house-sat. I want other people to experience the incredible joy I have had with house-sitting.

All the best,

Janelle

Hi

I'm writing to you to get some feedback on your house sitting experiences. Would you like to write a few sentences or so about the sits you have had through Happy House Sitters? Have you saved some money? Have you had an unusual experience? Have you cared for some unusual or especially wonderful animals? Have you made friends with the home owner?

We would love to hear about your experiences and put them on the site for others to read.
