Hi from the happiest home owners in Melbourne, after some initial apprehension in inviting strangers to our home, we have just had the best house sitters possible thanks to you! After an 8 week holiday we arrived home to an immaculate house, garden and swimming pool, but most of all three very happy and contented dogs, safe in their own home, well exercised and very well loved in all that time, we've also made some new friends! Thank you to Happy House Sitters for putting us in touch with Angela & Graham, it was the icing on the cake after the holiday of a life time. We wouldn't hesitate to use your wonderful service again.
