Dear Sir) Madam,

I recently sought your help in finding someone to look after my house, three cats and a little dog whilst I was overseas. I should like to tell you how pleasantly surprised I was when I returned home to find that the carpets had been recently vacuumed, there were flowers in all the vases and the three big clocks had been wound and set going. I was delighted with the care that had been taken of my home and pets. The young lady whom I chose from your very comprehensive list, was Dalou B. [REDACTED] - thank you to both Dalou and the "Happy House Sitters".

Yours faithfully
Patricia B. [REDACTED]
