To Happy House Sitters

I wanted to let you know about the house sitter I found through you. I was fortunate to have Anne [REDACTED] as my housesitter over the summer of 2001-2002. In nearly ten years of my experience of house- and cat- sitters, Anne has been the best! I arrived home to find both house and garden in very good order, and my two cats healthy and well-cared for. Anne also did many extra things around the house for which I was most grateful, and even left a bunch of flowers to greet me. She clearly looked after the house with the eye of an owner rather than a casual visitor.

I recommend Anne as a housesitter without reservation – but not too strongly as I hope to be able to engage her again! She is totally reliable and trustworthy.
