Subject: re changing state ?

We would just like to let you know that we are currently house sitting in Bulisbrook which we negotiated via your web site & we are having a wonderful time .. The house owners are, very hospitable & we have been able to make ourselves completely at home at their insistence. The animals are very friendly & all is working out extremely well for both sides.

We are going to continue travelling after we leave here on the 13th Sept & will now holiday for a while but are looking at house sitting in the Melbourne area (Morm. peninsula/ Cranbournel Chelsea).

Thanking you ...
