Dear Malcolm,

Thank you for sending all the house sitting details to me so often and with no trouble at all. I didn't realise there would be so many opportunities to house sit. After all the traveling and looking we have found what could almost be described as heaven and we have decided to live here. We have had lots of great house sits with Happy House Sitters. Again thank you but we shall no longer be house sitting, so you can take us off your list.

Have a good Christmas
