Subject: Notification re change of my registered add details

To Malcolm Myers, or whom it may concern,

Re: Customer Reference Number 1295; Date registered: 02.01.03

Thank you for your efficiency in sending out my details. As a result I now have a house sit position until 21 February 2003.

Please will you change my character resume details as follows:

I am a middle-aged single, professional woman. Until recently I owned a home in the northern suburbs of Perth, and lived in that area for 23 years. I am interested in house sitting, because I am hoping to get the "feel" for some of the different suburbs, where I am considering purchasing a home in the future. Also, I am awaiting news of a possible employment relocation within Perth so don't want to commit to a particular area before I have this information. For this reason, I would prefer to house sit in a reasonably central area such as Maylands, Bayswater, My Lawley, Subiaco, Claremont, Jolimont, Wembley, Como, South Perth, Victoria Park, etc. I am very reliable and responsible with regard to care of property, for which I have undertaken responsibility. I enjoy gardening, but would prefer to care for a reticulated garden. I am fond of animals, especially cats. A good standard of house security is important to me. I am a non smoker and like to maintain a clean house. I have a demanding job and so value a quiet lifestyle and peaceful surroundings. I enjoy going out for meals, movies, walking, etc. A police clearance, and references, will be available on request. I am available almost immediately to begin a house sit position.

Thank you very much for changing my previous "Character Resume" details to the above, and also for your prompt assistance in sending out my details previously.

Yours sincerely,

Mary C [REDACTED]
