Dear Happy Housesitters,

We have been housesitting through your website for over 2 years.

I would like to thank you for a wonderful service that you offer. Housesitting for the past 2 years has allowed us to save for our first home. We have looked after many homes and pets and have truly enjoyed the experience.

Now that we have a baby on the way and are ready to buy our first home, we will not be needing to housesit in the future. We have recommended your service to friends and family who are now members of your site.

Thanks again,  
Narelle [REDACTED]
