TO WHOM I MAY CONCERN.

Lyse Lauren has been known to me for more than thirty years and I am happy to say I have always found her to be a very trustworthy and honest person.

Lyse has stayed here while my husband and I were overseas. She has proved to be a trustworthy, reliable person taking good care of our property and is hardworking and honest. She took care of any problems that came up during our absence and watered our garden.

Lyse looked after a downstairs flat when my daughter was overseas working and was always a pleasant, considerate person to have around.

I have no hesitation in recommending Lyse for any position she may apply for and would be happy to give any further information required.

Yours faithfully,

J. D. Evans
