House sitting

Dear House Owner

I met Lyse via a friend of mine and asked her if she would like to stay in my house while I was abroad.

I live in Cairns and was away for a 3 week period in 2014 during which time she took care of the house, my dog and the watering of the garden.

This arrangement worked well for both of us and I was pleased to return home to a happy dog, a clean house and a well-watered garden.

I have no hesitation in recommending her to for your house sitting needs.

Best wishes.
