Hello House Owner

I have known Lyse now for some four decades.

In fact she has stayed with me numerous times over the years whenever she is visiting Sydney and on several of those occasions while I was away.

During the times when she was alone, all was kept ticking along much as usual so that I could return home and find everything just as it should be.

I had a much loved cat, Kea, who only recently passed away and he and Lyse co habited very cosily together on all of those occasions.

I am very confident in recommending Lyse for any house sitting position that may arise. She is capable and efficient and will treat your home just as if it is her own.

Best wishes

Judy Norman
